2.5 Investments at fair value

Investments at fair value amounting to N\$4,7 million (30 June 2021: N\$159,9 million) consist of investments in money market funds, which earned dividends of N\$3,6 million (30 June 2021: N\$4,050 million). The dividends received are included under revenue.

Investments at fair value are short term in nature and classified as level 2 financial instruments. Level 2 financial instruments are valued at prices relative to prices in the market.

During May 2021 Paratus Holdings established an NSX approved N\$1 billion Domestic Medium-Term Note Programme pursuant to a Programme Memorandum. During June 2021 a first tranche of N\$200 million was raised through the Domestic Medium-Term Notes Programme.

The N\$200 million raised consist of the following:

- N\$175 million in Senior Unsecured Floating Rate Notes maturing on 18 June 2024 and bearing interest at 300 basis points above the 3 Month ZAR JIBAR rate; and
- N\$25 million in Senior Unsecured Floating Rate Notes maturing on 18 June 2026 and bearing interest at 325 basis points above the 3 Month ZAR JIBAR rate

Total interest repayment during the year on these borrowings amount to N\$13 908 207. The interest that has accrued on these borrowings at year-end amounts to N\$521 656 (30 June 2021: N\$478 275).

3. DIRECTORS' COMMENTARY

3.1 The market and prospects
According to the Bank of Namibia Economic Outlook Report, Namibia's GDP growth is projected to improve in 2022, mainly supported by strong performance from the mining industry. Real GDP growth is projected to increase to 3.2 %in 2022 before moderating slightly to 2.9% in 2023. The projected improvement is also on account of anticipated better growth rates across all industries

For the financial year ending 30 June 2022 Paratus Telecommunications (Proprietary) Limited ("Paratus Namibia") $delivered\ strong\ revenue\ growth\ of\ 15\%\ against\ a\ backdrop\ of\ a\ weak\ local\ economy.\ The\ group\ remains\ well\ placed\ to$ grow revenues due to the continued demand for reliable Internet coupled with the ongoing rollout of last-mile infrastructure. The anticipated growth for the 2023 financial year is to be driven mostly by the expansion of our fiber and LTE network across Namibia and the occupation of the Data Centre, which was inaugurated on 4 August 2022.

For the financial year ended 30 June 2022, Paratus Namibia, the operating entity, realised recurring revenue of N\$343 million (30 June 2021: N\$305 million) which represents a growth of 13%. Non-recurring revenue, which $represents\ Local\ Area\ Network\ installations\ and\ sale\ of\ Telecommunication\ Equipment,\ amounts\ to\ N\$43\ million\ (30)$ Installation from a new property development project.

The net profit before taxation, for Paratus Namibia, for the same period amounts to N\$ 47.0 million (30 June 2021: N\$40.8 million) and earnings before interest, taxation, depreciation and amortisation ("EBITDA") amounts to $N\$114.2\ million\ (30\ June\ 2021:\ N\$94.4\ million).\ This\ represents\ growth\ of\ 15.3\%\ and\ 21\%,\ respectively.\ The\ growth\ of\ 15.3\%\ and\ 21\%,\ respectively.$ in profitability is mainly attributable to the overall revenue growth of 15% and the moderate increase of 10.2% in operating expenses, despite the growth of the national network and the increase in distributions centres across Namibia. The operating margins for the period under review is slightly lower than the previous reporting period and is mainly due to the lower margins realised from the higher non-recurring revenue

For the 2023 financial year, a further N\$280 million investment into infrastructure was approved by the Board. This investment will mainly be earmarked for the following capex projects:

- Completion of the Data Center in Windhoek
- Completion of the Equiano Cable Landing Station in Swakopmund, which landed on the Namibian coastline on $1\, \text{July 2022. The expected "Ready-For-Service" date is during first quater of the 2023 calendar year;}\\$
- Fiber-to-the-X (FTTx) rollout; and
- Expansion of network infrastucture

The capital expenditure is to be funded by a combination of own cash resources and the proceeds from the bond programme. An amount of N\$130 million is planned to be raised through the NSX approved bond programme during

 $The \ directors \ are \ of \ the \ opinion \ that \ the \ continued \ aggressive \ investment \ in \ infrastructure \ assets \ bodes \ well \ for \ both$ revenue growth and improved operating margins.

3.2 Capital projects

For the year ended 30 June 2022 Paratus Namibia has invested N\$282 million in infrastructure (30 June 2021: N\$178 million). Of this total investment, N\$128 million was invested in the National fiber network. An amount of N\$23 million was invested towards the LTE networks in Windhoek, the coastal towns, and the North of Namibia

A total amount of N\$35.2 million was invested in the Cable Landing Station building in Swakopmund, which has now been completed and is ready for service.

To date, N\$110 million was invested in the Data Center. The total construction cost is budgeted at N\$123 million

Management considers EBITDA as an important operational performance measure, as it mirrors Paratus Namibia's ability to generate cash flows from operations. The disparity between profit after taxation and EBITDA stems from the large depreciation charges recorded on infrastructure deployed.

For the period under review, Paratus Namibia have funded approximately 50% of the total capital investment from operational cash flows. The investment in infrastructure bodes well for the group, as is evident from the improvement in the EBITDA margin, emanating from the cost savings realised by using own infrastructure, as well as adding customers to existing network infrastructure.

3.4 Events after the reporting period

On 16 Septembber 2022 a second tranche of N\$130 million was raised through the listed Domestic Medium-Term Note Programme. The second tranche of this programme was well received with bids totalling N\$363 million. Three-year notes to the value of N\$30 million was issued at an interest rate of 275 basis points above the 3 Month ZAR and the property of tJIBAR rate. Five-year notes to the value of N\$100 million was issued at an interest rate of 325 basis points above the 3 Month ZAR JIBAR rate.

3.5 Changes to the Board

There have been no changes to the board of directors.

3.6 Contingent liabilities

As at the date of approval of the financial results, the Board was not aware of any contingent liabilities.

During the 2022 financial year the Group has declared dividends to the ordinary shareholders amounting to N\$ 9 744 625 (30 June 2021: N\$9 744 625)

The directors declared a final dividend of 10 cents per ordinary share

The salient dates of the dividend declared are as follows:

Board declaration date: 20 September 2022 Last date to trade cum dividend: 21 October 2022 24 October 2022 First day to trade ex dividend: Record date: 28 October 2022 Payment date 11 Novemeber 2022

3.8 Appreciation

The Board would like to thank the management team, service providers and our valued customers for their continued support and dedication. Finally, we would like to thank our shareholders for their support and association with Paratus Namibia Holdings Limited.
