## Make your cash grow, with the **Liberty Capital Bond.**

How is the current drought affecting you? Are you forced to think creatively to manage your cashflow and generate an income? Do you have excess cash from livestock sales? Are you worried about the tax implications on earnings generated through these sales and how that will affect your future ability to restock? Then the Liberty Capital Bond is ideal for you.

Traditional cash investment vehicles offer limited returns, even in the long term. The Capital Bond enables you to increase your returns by investing in a range of investments over time. With the potential to outperform inflation, the Capital Bond lets your money grow, to fund future expenses like equipment and machinery, or restructure your business to ensure future sustainability.

The Capital Bond also offers significant tax benefits, including tax savings on the investment amount and subsequent contributions, favourable tax rates on investment returns, and the ability to deduct business related expenses on withdrawal of funds from the Capital Bond. You'll also enjoy affordable access to the investment expertise of a dedicated fund manager.
