

From Struggles to Success

I joined NamPower as a Struggle Kid, along with several other children of the Liberation Struggle. I joined as a general worker and I did not know how to speak English. NamPower sent me to literacy classes and computer classes among other courses. After working hard, I was promoted to an Official Administrator, the position I currently hold. Every time I wake up in the morning, I'm proud to come to work at such a good company.
