

OLDMUTUAL

OLD MUTUAL THE BIG FIVE SECRETS TO MONEY MANAGEMENT

Old Mutual's On The Money programme aims to encourage people to change their financial behaviour. The Secret of the Big Five animals provides an understanding of money, new skills to manage your money and a variety of reminders to help you maintain your new financial behaviour.

Secret of the Lion

The Secret of the Lion teaches us to save first and set a fixed amount aside each month. By paying yourself first, you are securing you and your family's future.

Secret of the Rhino

The Secret of the Rhino is to charge down your debt. You need to manage the level of debt you have so that it doesn't threaten your financial security.

Secret of the Buffalo

The Secret of the Buffalo - protection comes from the herd. Our "herd" is made up of insurers, investment companies and financial institutions, who provide solutions and offer protection or insurance for all eventualities.

Secret of the Elephant

The Secret of the Elephant is knowledge and with this knowledge comes power. You need to know what you earn, how you spend your money and what you owe.

Secret of the Leopard

The Secret of the Leopard shows us that you need to have a clear idea of what you are saving for. You need a goal - something really inspiring to keep you on track when times are tough. Your goal needs to be something you really want and you need to believe that you can achieve it.

Old Mutual offers free financial literacy training to institutions and companies through our On The Money programme. For more information visit: <http://www.oldmutualnamibia.com.na/on-the-money-programme>
