DBMNE0380 - PROVISION OF PEST CONTROL SERVICES TO DBMN FLEET AND OFFICES

SCOPE OF WORK:

Debmarine Namibia seeks the services of an experienced service provider who without limitation includes the eradication of pests, supply of all labour and supervision thereof, consumables, transport to Oranjemund Airport, contractor's equipment and pesticides required for the effective eradication of pests of all kinds.

The contractor shall be required to provide the services to the Company's vessels operating in the offshore recovery licence area of off the southern coast of Namibia and other Debmarine Namibia premises namely:

1. MV Debmar Pacific
2. MV Debmar Atlantic
3. MV !Gariep
4. MV Grand Banks
5. MV Mafuta
6. MV SS Nujoma
7. Any other vessels operated, managed or chartered by the Company
8. Lüderitz Warehouse
9. Oranjemund Airport and
10. Namdeb Centre, Windhoek

The prospective service provider will be required to provide:

1. A thorough pre-treatment survey and or inspection before initiating corrective actions. Recommending appropriate sanitation procedures to eliminate pests in offices and onboard the vessels.
2. A rigorous inspection programme to help prevent the introduction of infested commodities and detect the presence of infested commodities before cross infestation can occur.
3. A residual pesticide application to prevent infestation of non-infested commodities or to control the spread of an existing infestation in offices/premises and or onboard the vessels.
4. A list of pesticides/insecticides to be used/applied for the management of pests.
5. Material Safety Data Sheets (MSDSs): maintaining MSDSs for all pesticides stored or used aboard vessels and at offices and or premises.
6. A log of events for each area/vessel (pest management records), which will include an inventory for pest control inspection/surveys, type of observed pests/insects; pesticides used/applied.
7. Personal protective equipment to be used during application and management of pests at premises or onboard the vessels.

Ensure that all personnel who performs pest control operations are adequately trained in the use and application of pest control measures, respiratory protection and are medically evaluated.
