

EXPRESSION OF INTEREST

EXPRESSION OF INTEREST

DBMNE0393 - REMOTE WASH PIPE INSPECTION

SCOPE OF WORK:

Debmarine Namibia is seeking for an experienced service provider to supply a remotely operated tool to measure the wall thickness of a hardened steel pipe, in a vertical position with an internal diameter of between 500mm and 700mm, from the inside of the pipe.

DOCUMENTS TO SUBMIT:

1. Company profile.
2. Years of experience in supplying and maintaining pipe crawler tools for inspection of pipes and measurement of pipe wall thickness.
3. Details of at least three (3) clients for whom similar solutions have been supplied and maintained.
4. Proof of nature of supplier status, i.e. Original Equipment Manufacturer (OEM), sole supplier in country or distributor.
5. Technical solutions proposed for taking at least four (4) lines of wall thickness measurements simultaneously (from the inside of the pipe) at consistent intervals down the length of a vertical hardened steel pipe of 500mm, 600mm or 700mm internal diameter and a wall thickness of no more than 30mm. Cost for the proposed solution need not be included.

EXPRESSION OF INTEREST

DBMNE0394: REMOTE SLURRY HOSE INSPECTION

SCOPE OF WORK:

Debmarine Namibia is seeking for an experienced service provider to supply a tool to conduct remote visual inspection (photo and video) on the inside of a rubber hose with an internal diameter between 500mm and 700mm.

DOCUMENTS TO SUBMIT:

1. Company profile.
2. Years of experience in supplying and maintaining pipe crawler tools for remote visual inspection of pipes.
3. Details of three (3) clients for whom similar solutions have been supplied and maintained.
4. Proof of nature of supplier status i.e. Original Equipment Manufacturer (OEM), sole supplier in country or distributor.
5. Technical solutions proposed for conducting remote visual inspection with photo and video capabilities on the inside of a rubber hose that:
 - Has an internal diameter between 500mm and 700mm;
 - Is preceded by approx 20meters of steel pipe with the same diameter and with multiple bends (minimum bend radius approx 1390mm, < 60°);
 - Has at least one 540° bend (minimum bend radius approx 3750 mm); and
 - Is 200 meters long and filled with sea water to a depth of 160 meters. Cost for the proposed solution need not be included.

Registered companies in providing such services are requested to submit the required documentation with Reference Number DBMNE0393 or DBMNE0394 by **22 January 2021** at 12H00 noon, by electronic submission.
