

ECOSYSTEMS BASED ADAPTATION (EbA)

TERMS OF REFERENCE

The Environmental Investment Fund of Namibia (EIF), in 2015, obtained accreditation by the Green Climate Fund (GCF). The GCF is a unique global fund, established within the rubric of the UN Framework Convention on Climate Change (UNFCCC), as a response to climate change for investing in low-emission and climate-resilient development. The status of accreditation makes EIF eligible for accessing climate change funding from the GCF.

As a result, the GCF Board at its 22nd Board meeting in February 2019 approved the first **EbA project proposal entitled “Building resilience of communities living in landscapes threatened under climate change through an ecosystem based adaptation approach in Namibia”**. The EbA project’s overall objective is to **increase climate change resilience of productive landscapes in Namibia through implementation of ecosystem based adaption actions that strengthen social and ecological systems to sustain livelihoods at local levels and facilitate value chains of natural resources**. The project will be implemented in eight landscapes that are managed by registered Community Based Organisations (CBOs), gazetted Communal Conservancies, Community Forests, Water Point Committees, Farmers Associations etc.

The EbA is hereby inviting interested consultants (s)/ firms (s) to assist with the following:

Developing Landscape Management Strategies and Investment Plans for eight landscapes and two villages in Namibia.

The detailed Terms of Reference can be downloaded on the Environmental Investment Fund of Namibia (EIF) website: <https://www.eif.org.na> or on the EbA webpage: <https://eba.eif.org.na>

For further enquiris please contact: Mr. Joseph Elagon at 061-4317733, email: JElagon@eif.org.na

Interested consultants (s)/firms (s) should submit One Technical and Financial proposal. The envelope clearly indicate which consultancy is being applied for. Proposals shall be submitted to:
