

# *Proud Operators of the National Oil Storage Facility*

NAMCOR has been appointed by the Government of the Republic of Namibia to manage and operate the new state of the art National Oil Storage Facility in Walvis Bay. At the facility, we store all the major oil and fuel types for use in key Namibian industries, and in your vehicles, including Automotive Diesel Oil, Unleaded Petrol, Heavy Fuel Oil and Jet Fuel.

- Total capacity of 75 million litres
- Road and Rail loading rate of 1,666 litres per minute (100m<sup>3</sup>/hr)
- Inter-tank transfer and export from terminal to jetty across a 6.9km pipeline at 20,000 l/min (1,200m<sup>3</sup>/hr)
