Any person willing to **object against this Application may within a period of 30 days** after the date of publication of this advertisement lodge a written objection against such Application with the Electricity Control Board in a form determined by the Board and in compliance with the relevant provisions of Regulation 5 of the Electricity Administrative Regulations.

In accordance with the requirements of Regulation 5(3)(b) the following information will be available to any interested person to inspect complete information in respect thereto at the **physical address of ECB, 35 Dr. Theo-Ben Gurirab Street, Windhoek.**

Contact person at ECB: Gideon Nasima, Tel: 061 374300.

Please arrange for prior appointment with the contact person before viewing the file:

1. A map showing the proposed location where the power station will be erected.
2. A description of the technical design, including a one-line diagram of the proposed plant, and its surrounding electrical system, which Solnam intends to erect or alter.
3. A description, including a site layout, of the area within which Solnam intends to carry out the activities to be authorized under the licence.
4. An outline of the intended operational and business plan.
5. The desired license period. Including a motivation for such period.
6. Other information regarding the plant and the design deemed necessary by the Electricity Control Board.
7. A complete list of the standard tariffs which Solnam intends charging to be specified.
