and get Cereal with us!

Desere London-Muller
Your host and Organiser

It is my pleasure to invite you to a networking breakfast.

Speaker: Afra Schimming-Chase, Chase & Associates cc

TOPIC: Inspiring women to harness their collective power and wisdom to achieve financial freedom that is good for all.

"Women now drive the world economy," - Harvard Business Review

Women are gaining power when it comes to money - here's why that's a big deal: As a market, women represent an opportunity bigger than China and India combined. They control \$20 trillion in consumer spending, and that figure could reach \$28 trillion in the next five years. In the next 30 years, wealth will definitively change hands, to the extent that women will be the holders of the world's wealth.

Financial Advisor - Consultant - Speaker - Facilitator

Afra Schimming-Chase is the managing member of CHASE & Associates cc, a Namibian, female-led long and short-term insurance brokerage. She is a certified financial planner and financial coach who is passionate about financial education. As a proponent for social good, Afra supports projects with a specific focus on the development of women and the youth.

COST: N\$ 310-00 (Members); N\$ 330-00 (Non-members)

RSVP: Before or/on Wed 15 Feb 2023
